

ASTFE

American Society of Thermal and Fluids Engineers

VIRTUAL WORKSHOP ON COVID-19: CHALLENGES IN RESEARCH AND EDUCATION

**AUGUST 31, 2020 (MONDAY)
9:00 A.M. – 5:00 P.M.
(EASTERN STANDARD TIME)**

**TO VIEW THE PROGRAM AND REGISTER
FOR THE WORKSHOP, PLEASE VISIT:
WWW.ASTFE.ORG/COVID-19/**

Join us for a day of stimulating and thought-provoking workshop experience on the **COVID-19 challenges in research and education.**

Invited speakers and panelists include the keynote speaker, former Surgeon General of the Navy, Vice Admiral C. Forrest Faison, who led the U.S. Navy at the forefront of battling the last six world-wide pandemics and is currently the executive vice-president of research at Cleveland State University, a medical profession from the Mayo Clinic, and outstanding scientists and engineers from George Tech, Rutgers, Michigan State University and industry, who are engaging in research and development combatting COVID-19 pandemic.

Together they will interact with the participants to explore the solutions thermal and fluids engineering and the broader research community can contribute to in alleviating the impact from COVID-19.

A special panel consisting of a university president, provost and engineering dean will address the critical issues of short-term and long-term impact of COVID-19 on engineering education.

C. FORREST FAISON III

M.D., Sc.D. (hon), FAAP
Vice Admiral, Fmr Surgeon
General of Navy, Senior Vice
President, Research and
Innovation Chief, Health Strategy,
Cleveland State University

WORKSHOP DATE:

August 31, 2020 (Monday), 9:00 a.m. – 5:00 p.m.
(Eastern standard time)

REGISTRATION FEE:

\$25 (U.S. dollars) – to cover essential administrative cost

Virtual Conference details will follow upon registration.
